WORK EXPERIENCE

Wieden+Kennedy

Art Director

New York City, NY (Remote)

(Contract) March 2025 - Present

- Led concept development and art direction for culturally-driven Verizon social campaigns, including their partnership with Rolling Loud and a Lady Gaga early access ticketing campaign, crafting content strategy, social-focused activation ideas, content capture frameworks and shot lists.
- Collaborated with copywriters, producers, and strategists to develop pitch decks, contributed to client presentations, and flew to NYC for key production milestones across campaign phases.
- Delivered high-level concepts and design assets across multiple projects, working fluidly between ideation, art direction, and execution to bring culturally relevant ideas to life.

Mass Appeal

Art Director

New York City, NY (Remote)

October 2023 - July 2024

- Developed immersive exhibitions in cities such as LA and NYC, leveraging AI tools and emerging technologies for interactive elements and spatial design to create conceptual, engaging experiences that captivated audiences nationwide and achieved notable success.
- Led a social-first campaign announcement for Resorts World New York's \$5 billion expansion. Developed promotional assets, a Nas-led video reveal, and event branding, earning media coverage from Forbes, Billboard, and Afrotech highlighting the project's cultural impact.
- Directed multi-city branded entertainment campaigns, crafting social-first storytelling through Instagram content and original music tracks. Managed on-site experiences featuring influencers and celebrities from the campaigns, ensuring cohesive storytelling that seamlessly bridged digital platforms and in-person activations.
- Pitched and developed music-driven campaigns to leadership and clients, combining culturally relevant storytelling with audience insights to create impactful, resonant experiences.

Hometeam Records

Lead Art Director & Designer

Miami, FL

October 2021 - October 2023

- Built a unique and conceptual brand identity for Hometeam Records, transforming the founders' vision into a cohesive style guide through in-depth brand exploration, interviews, and creative strategy. Directed 3D designers to create impactful visual assets that established the label's presence in the independent music space.
- Developed vertical-first music videos, contributing to the theme, treatment, concept, and production to craft visually compelling, mobile-optimized storytelling experiences that resonated with digital audiences.
- Collaborated cross-functionally with all teams at Hometeam Records, mentoring designers and working closely with artists to align creative strategies with artist development and broader company goals.

Apple

Art Director

Cupertino, CA (Remote)

(Contract) June 2021 - August 2021

- Spearheaded the creative vision for a high-profile inclusivity initiative, developing a comprehensive 360 campaign that authentically connected with HBCUs through grassroots storytelling while humanizing Apple's technological innovation.
- Led a team of designers and collaborated closely with the marketing team to create digital, physical, and AR-driven assets, ensuring consistency across platforms and touchpoints.
- Pitched strategic creative concepts to Apple's leadership, driving stakeholder buy-in for a campaign that reinforced Apple's mission to empower HBCU communities for this fast-paced, project-focused contract role.

Dreamville

Art Director

New York City, NY (Hybrid)

(Contract) June 2021 - August 2021

- Led the rebranding process for Dreamville’s brand assets during their vertical expansion, guiding the creation of logos and pitch decks to align with the company’s evolving business ventures and creative direction.
- Curated the Instagram rollout strategy for Bas and J. Cole’s single “The Jackie,” crafting the social media aesthetic and driving high engagement through a visually cohesive rollout campaign.
- Directed a team of designers in creating promotional assets and on-site visuals for the Dreamville Chi League, a sports and music collaboration with Wilson and Amazon Music. Delivered 3D VIP invites, digital promo assets, landing page, and environmental design for the venue to ensure a cohesive and culturally-relevant experience.

The Times
